**Subject:** RE: Neuhauser Landfill Test Pitting

Curt,

We will be doing some test pitting to day possibly pending schedule. Test pitting will be occurring at existing red flag locations and I am waiting to hear on when we can get surveying of the other areas completed. I will update you on surveying as soon as I hear and I am waiting to hear if my drafter received all the data requested from NGPRS, which was to include the actual survey lines.

Thanks TJK

**Subject:** Neuhauser Landfill Test Pitting

Tom,

I have a couple questions:

1. When do you plan to conduct the test pitting of the remaining EM61 anomalies and other locations that we agreed upon at the 12/19/17 meeting?
2. Have you received the EM survey line locations from NGPRS? If so, could you please forward them to us?

Thanks,  
Curt
